Dear Gary:

I want to express my appreciation to you and applaud you for your excellent Clarence Darrow presentation at the recent IBEW Tenth District Progress Meeting.

The presentation reflects the proud history and accomplishments of labor unions across America. In addition, the program warns of the dangers that we face again as unions are increasingly under assault from corporations and government.

It not only inspires and educates those present but elevates their hearts and minds. After seeing, one better understands the tremendous benefits that unions have made in the lives of every citizen of the United States.

With an endorsement from this office, I will certainly encourage those I'm associated with to make every effort to schedule the presentation at future meetings and conferences.

I look forward to seeing you again in the future.

Thank you.

Fraternally yours,

Robert P. Klein
