To Whom It May Concern:

Gary Anderson brought his one-man Clarence Darrow show to our monthly staff meeting this week. The meeting was attended by approximately 50 union business representatives, organizers, and office staff, all of whom were transfixed and inspired by Henderson's Darrow, even the most cynical and weathered members of our field staff. His performance reminded us why we do what we do and was enthusiastically received by all present, who felt that the performance was the best training that they had received. There will never be another Darrow, but Anderson's performance teaches how important it is to speak the truth to those in power. We strongly recommend Mr. Anderson's Darrow as training for other unions. It is off the beaten path, but brilliant.

Sincerely,

Tom Dalzell
