Gary Anderson
American Legends Theatre Works

Dear Gary:

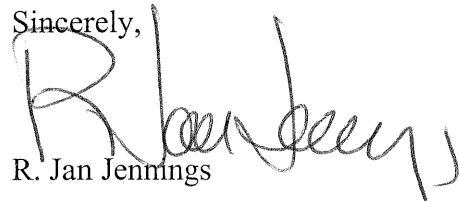

This will commend you on your portrayal of Clarence Darrow. Your work captures the intelligence and emotional content of his role as an advocate for organized labor and other causes.

Through your portrayal, many will come to appreciate Clarence Darrow's decades-long championship of the despised and powerless, and his position about issues such as the relations between capital and labor, the role of women in our society, the place of religion in a diverse population, and both the theoretical and practical status of crime and punishment.

Those viewing your performance should learn to appreciate how Clarence Darrow made signal contributions to the cause of organized labor that last until today. Seldom does a term of the Supreme Court pass without mention of his provocative challenges as a self-proclaimed rebel defending criminally accused, and there can be little doubt he was the most controversial public speaker of his time.

Clarence Darrow made a difference, as do you in your portrayal of his advocacy on behalf of organized labor.

Sincerely,

R. Jan Jennings
