January 9, 2012

Mr. Gary Anderson  
The Clarence Darrow Foundation

Mr. Anderson:

It is with much enthusiasm that I provide this letter of recommendation regarding the training program which you conducted at the 2011 Arizona Judicial Conference—*Honoring the Judiciary: Clarence Darrow's Judicial Perspective*—June 24, 2011, in Phoenix.

The legal educational experience which you provided our judicial officers was unique in its approach, thoughtful in its design, and engaging in its execution. And, apart from the strong evaluation scores and comments which the session participants recorded at the conclusion of the session, the conference team and I received many unsolicited comments from participants remarking on the overall quality of this closing plenary session, as well as also your obvious enthusiasm for the role you play. Many of these unsolicited comments came long after the conclusion of the conference—a testament to the lasting impact of your session.

This session was a terrific way in which to close the 2011 conference. We very much appreciate your efforts in helping ensure a successful educational event.

Thank you! We look forward to working with you again in the future.

Sincerely,

Gabriel Goltz,  
Program Manager
